Each day, women and children in rural Haiti die at an alarmingly high rate during birth due to a lack of sanitary conditions, clean water, access to health care and trained medical professionals. To address this concern, HAPI is building and developing the Felisane Klinik.

HAPI is seeking to transform the community of Mizak by reducing mortality rates, provide basic health services and empower individuals through

### Sneak peek!

Felisane Klinik construction is underway. The interior walls will be complete

November 1 and the groundbreaking for the cistern will commence mid-month. Solar panels and

education around personal health issues. We need your support to finish construction, hire staff and purchase supplies to make this dream of communal transformation a reality.

It will take \$50,000 to finish construction, power and equip the 2,000 square ft. facility. In order to have the clinic open for May 2014, the deadline for raising these funds is December 31. An individual has offered a grant to match donations dollar-for-dollar up to \$12,500. Please consider making a financial gift through this link ([click here](#)) or sending a donation designated “maternity clinic” to HAPI. For additional information, visit 'match4moms' on [www.HaitianArtisans.com](http://www.HaitianArtisans.com).

metal solar panels and anti-microbial interior paint are literally 'on the boat' for January installation.

Matching funds are needed to complete the electrical, doors and windows, anti-microbial tile, plumbing fixtures, shelving and more.

Thank you in advance for your support!
